WHAT IS E.G.O.?

1

E.G.O. is the Evil Genius Games' Organized-Play Program that organizes and plays **Everyday Heroes** short-form adventures called "Assignments" and "Plots."

2

Everyday Heroes is a modern-era tabletop RPG system and the spiritual successor to d20 Modern. The system is 5e compatible.

3

REDEMPTION is the in-game secret organization that sends heroes on their missions (adventures).

4

Assignments are 3-4 hour adventures that follow the arc of Season One. Some Assignments are repeatable.

5

Plots are repeatable, quick (1-2 hours) side-adventures to the overall campaign.

6

Season One. As REDEMPTION agents, the heroes must stop a clandestine and villainous organization from assembling a dangerous and reality-altering artifact.
